WHY ADVERTISE IN WYOMING OUTDOORS?

Proven: Year after year, the *Wyoming Outdoors* Publication has proven to be an informative, colorful and insightful look at big game hunting and summer activities offered by outfitter and guide members of WYOGA. *Wyoming Outdoors* is saved and used as a planning resource by hunters who plan to hunt Wyoming.

~~72,000~~ Over 120,000 in Readership: *Wyoming Outdoors* has an audience comparable to other national outdoor magazines. Our readership has over 120,000 Wyoming Preference Point holders who will hunt Wyoming in 2024 or the near future.

Non-Resident Hunters Targeted: *Wyoming Outdoors* is mailed to non-resident sportsmen who are dedicated, committed hunters who are proven consumers of hunting and outdoor products and services.

Low Cost per Contact: A full page, full color ad in *Wyoming Outdoors* costs .04 cents for each contact. National publications print a larger circulation, but do they really reach your targeted audience? *Wyoming Outdoors* does! **Our current circulation is 100,000**

Sport Shows & Web: *Wyoming Outdoors* is distributed at various sport shows such as the Safari Club International convention and the Shot Show with SCI. The *Wyoming Outdoors* publication is distributed to sportsmen from all over the world from requests through WYOGA's *New and Improved* website. www.wyoga.org

It's the Largest: *Wyoming Outdoors* is the largest Wyoming outfitter publication serving the interests of the Outdoor Sportsmen. Hunters eagerly look forward to receiving it every year plus it has a long shelf life. It works!

Works for You: Plan to advertise and capitalize on this audience to promote your business.

WYOGA Advertising Testimonials

“As a Wyoming outfitter and business owner some of my best advertisement has come from the full page ad we put in the *Wyoming Outdoors* publication. There has been years that I have booked hunt after hunt off of the ad we run in the publication. The most valuable advertising I have ever done is putting a full page ad each year in the publication. Every hunter that is buying points and looking at hunting in Wyoming is seeing my full page ad and it shows in our bookings each year. This is an investment any outfitter and business owner can't pass up.”

Dustin Child | *Trophy Mountain Outfitters*

“As WYOGA outfitter members, we are fortunate to have a truly "world class" publication in the *Wyoming Outdoors*! This is the finest publication of its kind, showcasing the premier outfitters of the great state of Wyoming! It is a ready reference of the 'who's who' in top notch big game outfitters throughout Wyoming!

With such an impressive number of these collectible magazines going out to the non-resident traveling hunters that are already participating in the preference points program, this is the single most valuable advertising tool available to any outfitting business! I cannot imagine a better bang for your advertising buck, than the WYOGA's *Wyoming Outdoors*!”

Jim and Deb Schell | *Rough Country Outfitters & Guides*

“Over the years of advertising different ways to attract hunters to come hunt with my operation I was concerned about Wyoming outdoors prices and if it was benefitting my operation. Well I started to ask hunters who called and who hunted with me on where they found me and 75% of them found me from the *Wyoming Outdoors*. It now sells most of my limited quota elk hunts. An outfitter can't really ask for more to have a magazine go to nonresident hunters who have been investing their money into Wyoming through the points system.”

Tyler Sims | *Tyler Sims Outfitting LLC*

“The reason I advertise in the *Wyoming Outdoors* Magazine is simple, it drives customers to my business. Whether it be to my website or phone calls since I started advertising with in the magazine the amount of inquiries has doubled for my business. This magazine goes out to the consumers who are looking for services I provide. So for the money and the response I get back from it, this is by far my best advertising I do. Hands down!!”

Carl Sauerwein | *Boulder Basin Outfitters*

“I have advertised in the *Wyoming Outdoors* for many years now and have seen some huge benefits from keeping my ad in the publication. We bought a new camp in 2007 and the directory was a huge part in making that camp a success. It is still the only advertising vehicle that targets the people that are for sure interested in hunting or vacationing in Wyoming. The thing about this is you never really know when it's going to payoff, for instance just last week I received a letter from an elk hunter that has 5 points and looking for an outfitter for fall of 2017, in his letter he very clearly states that he found us in *Wyoming Outdoors* and has been watching our ads for years, and I got him booked. I try to ask all of the people that inquire with us where they found us and a big portion of them that have points say they found us in this publication. I feel that it's still the best advertising dollar I spend each year. We are not fielding the phone calls from it that we were say 5 years ago but the hunters that call are usually ready to book and can book because they have points. I would like to ask that the other advertisers please ask people when they call you where they found you that is the only way you will ever know what advertising dollar is working for you. So to sum it up, as long as I am an Outfitter in Wyoming you will see my ad in *Wyoming Outdoors*.”
